FAQs

Support

In just six easy steps, build and publish a stand-alone store or add one to an existing Web site - no matter where it's hosted. Build it with the easy-to-use Wizard; customize it with your own product photos and images; increase sales by offering coupons and accepting all major credit cards (as well as PayPal®); launch your store in a snap with one-click publishing; even integrate your store with QuickBooks® and MUCH MORE! Unlike the competition, our pricing structure is free from 'monthly fee + percentage of transaction fee.' You simply pay the fee listed above... that's it.³

- 1** [Use the Wizard to build an attractive, online store in just minutes](#) Choose from a number of professionally designed templates and layouts!
- 2** [Build your product catalog.](#) Add photos and graphics, multiple purchase options, special pricing (including coupons and Free Shipping promotions), and more to each order. Offer shipping services like [USPS®](#) and [UPS®](#). Even zoom in and out to view product photos with the Interactive Image Viewer.
- 3** [Select from a variety of payment choices for your shoppers.](#) Accept credit cards online-using either a merchant account or PayPal®-or offline through your own credit card swipe machine.
- 4** [Publish and manage your online business.](#) Simple one-click publishing lets you take your Web site "live" on the Internet. You can even monitor changes to your Web site in real-time and manage your growing business with a customer database, order fulfillment and sales reporting tools.
- 5** [Set up eBay® auctions and include your products in the Froogle™ search engine!](#) List your products on eBay using the new and easy-to-use [eBay® listing tool](#) and automatically submit your products to the new [Froogle search engine!](#)
- 6** [Seamlessly synchronize critical business data between your store and QuickBooks*.](#) Quick Shopping Cart integrates your sales and order information. It's easy!

¹One promotional credit per customer for a new Google® AdWords® account. [View details.](#)

[†]One promotional credit per customer for a new Microsoft® adCenter account. Promotional credit good only to residents in the 50 United States and Washington D.C. [View details.](#)

²Performance may begin to slow at varying numbers of products depending on potential physical and practical constraints, including (but not limited to): system architecture, system capacity, system load, end-user Internet connectivity and end-user computer configurations.

³Transaction fees may be collected by third parties that you contract with such as payment gateways and merchant account providers that process credit card transactions.

Customers who bought this also purchased:

Turbo SSL® Certificates

Required for credit card acceptance - keep your credit card transactions secure! Up to 256-bit encryption with 99% browser recognition.
