

Welcome to BusinessFirst!

Key to your Internet experience with **BusinessFirst! Internet Services** is our localized portal, which can be translated into **eight (8) different languages**.

The portal (home page) can be localized by any online user entering a zip code, thereby creating a local portal with local weather, news and yellow pages (Get Local).

And, **BusinessFirst!** subscribers can personalize portal content to their interest (local weather, news and yellow pages), account administration, access to **Free** valuable software, access the Internet, shop their local neighborhood (Get Local and/or **BusinessFirst! Local Search**), and produce their own mini-web sites, right from the portal. **BusinessFirst's!** subscribers who take advantage of valuable software may receive savings that can total more than the cost of their internet access!

The portal also allows subscribers and non-subscribers interested in earning additional money, to become a **BusinessFirst! Affiliate**, receive their own free marketing website and build a substantial recurring revenue stream for themselves. Existing **BusinessFirst!'s** subscribers can become an affiliate **free of charge!**

Set **BusinessFirst!** Localized Portal as your default home page and get instant access to:

- **Access Center** - Unlimited Internet Access Center
- **Affiliate Center** - Affiliate Opportunities Center
- **Members Center** – Members Services
- **Security Center** - Security and Support Plus Center
- **SmBiz Find Center** - Shop Your Neighborhood (SmBiz On-line Yellow Pages) Center (**Coming Soon!**)
- **SmBiz Center** - Small Local Business Program Center
- **Web Pages Center** - Web Identity and Web Developers Center
- **WebSite Templates Center** - A premium source for high quality website templates, flash templates, flash intros, logo templates, corporate identities, and php-nuke themes.

No advertising, you will have to leave your personalize “portal” to see any advertising. Get instant access, local gas prices and weather reports, travelers or emergency Internet Access (**On-the-Go! Internet Access**).

Welcome to BusinessFirst!

Small Companies, people are searching for every kind of business, right in your hometown, using the Internet.
